Supplemental Reply Brief

FOR JUDGEMENT PURSUANT TO 42 U.S.C.
SECTION 1983 -- IN THE MATTER OF EDUCATION.

In January of 1975 I began a Judgement pursuant to 42 U.S.C. 1983. I felt it necessary to do so because my civil rights had been deprived. One of the areas where my civil rights had been deprived is education and the people responsible were and are in political positions. I enclosed exhibits in my original complaint to show a series of foul acts that were highly questionable and pointed in the area of the Cox family such as the Rush appointment under Nixon and the Rush vending operation which sent one Donald Rush to jail at the same time another Rush received political appointment. I also mentioned an army vending scandle that occurred in October 1969. In another document I submitted copy of pornographic mail solicitation I had received and a New York Post article connecting the Cox family with pornography and underground "mob" connections.

Due to the fact that part of my deprivation is in education, I feel it necessary to submit for study the last paper I submitted to the Appellate Division of New York State Supreme Court 45 Monroe Place, Brooklyn, New York where a decision of no opinion had been made and the material submitted here as exhibits was submitted for a second hearing which I was informed I could have on the 22nd of August. I have written to the Court of Appeals in Albany for further appeal, [REDACTED] At any rate Article 78 proceeding awaits second hearing which pertains to my education, one of the areas where my civil rights is being deprived.

Numerous bombings have gone unsolved as well as killings of young women which have been questionably solved or unsolved i. e. Kramer incident in New Jersey where an accountant was arrested for her murder and was acquitted. Currently where I live in Maspeth, Queens on the avenue of Fresh Pond Road there is a shop called "The Donut Shop" which has been at that location for several months and has not opened. A year could go by and it would still be in the process of opening which is obviously not a normal situation and means somebody can afford to pay rent, but doesn't have to take in income.

To me, "The Donut Shop" stands for Cornbury, but that doesn't mean thoroughbred. Edward Hyde, Earl of Cornbury and Governor of New York State and New Jersey during colonial America was a transvestite and a famous picture of him in female attire was in a recent New York Times Literary magazine section and so when I see "The Donut Shop" I think of corn which means to me an early American male, but psychotic which I truly feel Edward Finch Cox is and the killings around him beginning modestly with the girl that went to college with Tricia Nixon, got a teaching position at a private school in New York hardly a month found murdered trying to put a bed in her apartment, and the list of crimes around him from then on is more than questionable. So what we really have here are two early American families, one that can be tied to the Kennedy assassinations and the other family to a list of murders and pornographic smut and underground mobster activity, which means more political killings and

chicken murders as sure as my mail registration is on cycle paper which reminds me of Rough for motorcycles and insurance. Rough Insurance publications began in 1878 like an Article 78 proceeding of which last paper I am submitting as exhibit pertaining to one area of where my civil rights has been deprived and also pertaining to why and the corruption that has made it so.

FOLLOWING PAGE BEGINS THE LAST PAPER
SUBMITTED JULY 22, 1975 at the Appellate
Division of the New York Supreme Court
at 45 Monroe Place, Brooklyn, N. Y.

One other thing I would like to mention before the following pages which are the exact pages of the last paper submitted at the Appellate Division of the New York Supreme Court at 45 Monroe Place, Brooklyn, N.Y. and the one item that I would like to mention is that I cannot emphasize enough that Edward Finch Cox has continuously annoyed me over the years with the assistance of his family who still think they're fighting the American Revolution. I knew a man for many years who was like a friend of the family and literary critic of my work on the level of a Edith Wharton-Henry James relationship, strictly literary, who worked in one ^{of} the sex book stores his family owns the real estate of and had a heart attack on the premise and was dead a week later. Certain things that he brought into my mother's house from the store to give us an idea of what he was selling was immediately thrown out because of pornographic content which could have led to an arrest for anyone in possession of that kind of material. I was a little bit too young to understand at that time. However, Edward Finch Cox years ago met me, but by what I assumed to be no more than an accident, and I did no more than say a few words and went on my way with a girl I knew for many years from school.

The vending outfit located at 72-33 Grand Avenue, Maspeth, N.Y. Queens (212) 651-5143 A N T Vending Inc. was formerly called D, G. Rush Vending Sales Co. Donald Rush went to prison so the operation changed to Ant Vending Inc. Ant is the last three letters of my grandmother's maiden name, root as in root and center at Hamilton College. I had seen Edward Finch Cox at this vending location at one occasion. I saw a man that looked like his mother leave the business establishment so I know parasites have been responsible for a good portion of my upheavals, robbery of money, key purse whenever Edward Cox was in

my vicinity, etc.

There is a "Donut Shop" ^{on} my corner and it has never opened. This is another rip off. I can't seem to get rid of the whore master and I don't think his parents are any better. I imagine there must be a lot of ~~public~~ ^{public} official graft to allow this kind of situation. Personally I hope to hell you cut that man's balls off. I can never get rid of him. He's not only smeared me, but wrecked my educational record and continuously mimiced me. I had a banged in wall on 9th Street N.Y.C. when I lived there with my mother and if you had supper at Danny's Hideaway, you could have had Rockefeller oysters and if you walked out deciding to buy Hi-fi equipment- right next door is a store called Harvery's Sound so from Harvey Wallbanger's to Harvey's Sound it was a political joke. I have been assaulted by both the Rockefeller family and the Schuyler-Cox family and they have more money than they can handle. It has obviously gone to their head. There are people living in various coops who are no longer paying their rent becuae of a rip off.

I am a descendant of a family that has had an illustrious reign. If you look at the portraits of my family you can trace them B.C. That is not the usual case with most people and if my family went down in 1873 when Prince Philippe's townhouse in Vienna became the Imperial Hotel that is go excuse to annoy me. You can walk through the ruins of ⁸²⁵ atherms, nothing lasts forever.

Currently I am married. It is not much of a choice. If a girl cannot go out and make a living for reasons I have mentioned, she can either kill others, or herself, or get married, or go on welfare. I am neither homicidal nor suicidal and welfare not a good choice so marriage was the less hazardous, but not my choice rather a situation forced on me.

I am hoping your Honor(s) that you will see my head in this matter. Nobody loves me. I get up in the morning and do my own legal work, If I have a fine, who's going to pay it for me?

My civil rights have been deprived. I hope the court will render a decision to compensate me for it.

Dated: August 11, 1975.

Defendants-Appellants,

STATE OF NEW YORK)
COUNTY OF NEW YORK) S S

MILDRED L. WIACKLEY, affirms under penalty of perjury, that she is the Plaintiff-Respondent herein, and that she is representing herself pro se, having tried this case in Supreme Court, Kings County and Appellate Division of the Supreme Court, am fully familiar and aware of all of the facts and circumstances continued herein, and hope I may be allowed to appeal for a second time.

I have read all material of attorneys representing and having represented Defendants-Appellants, and due to the fact that the problem is complex not all the "facts" have come to light, however, and therefore arguments raised in support of the motion to present this matter to a still higher court is very necessary, not only for the sake of my education, but also because of the pollution that has brought me into court to begin with, it is the same kind of pollution responsible for bombings such as the "Mystery Bombing Of Fifth Avenue" headline on Monday, June 23, 1975 which in that same issue carried an article on Judge Irving Kaufman who is Chief Judge of the U. S. Second Circuit Court of Appeals, where I have a deprivation of civil rights proceeding against Nelson Rockefeller, former Governor of N. Y. et. al., index number 7156 year 1975, awaiting Fall session.

In the seventh grade I attended J. H. S. 188 and was in class 7-8 like an Article 78 proceeding. In the sixth grade I attended P. S. 15 and that school year I had two sixth grade teachers, one Mrs. Kaye who retired after 35 years and January-June term, Mrs. Lerner. Nelson Rockefeller was to run for New York State Governor in 1958 and win. As soon as Nelson Rockefeller got into office he took the date off milk containers, this was an extreme rub though my mother was not cultured enough to understand what no dates meant from the point of health or slur. Milk is not a durable product and spoils. Tuberculosis is a disease that afflicted many ancestors on my mother's side. The cow carries the buberculin germ which less than 150 years ago was responsible for the death of Princess Marie Christine (1813-39) whose father was King Louis Philippe of France (1830-1848) and who died August 26, 1850. Fiftieth Street is where Rockefeller Plaza stands and the origin of Orlean was originally Aurelian which was originally Gemabum which was modernized into the version of Rockefeller from where they took their name however on Page 99 of the book "The Story Of Our Names" copyright 1950 by Harper & Brothers and written by Elsdon C. Smith quote: "Rockefeller came from Roggenfelders (ryefielder) of the lower Rhine." Roggenfelders had been their real name before Americanizing it to Rockefeller, but the Americanization is from Gemabum which goes back 52 B. C. like in 52 cards as in Dealey Plaza where John F. Kennedy then President of the U.S. was assassinated Nov. 22, 1963.

The first chapter of "The Story Of Our Names" is called "Our Christian Names". Christian was the middle name of Prince Alexander of Wurtemberg (1801-1844) who married Princess Marie Christine in Oct. 1837. Their marriage lasted for fifteen months which was ended by her losing battle with tuberculosis or consumption. She left a son, Prince Philippe of Wurtemberg born July 1838. The depression in 1873 wiped him out. He had a townhouse in Vienna which became the Imperial Hotel and later when his daughter grew up, married her off (Augusta) to Solomon Fleischer ancestor of Heinrich Fleischer the Orientalist. My grandfather Abraham Fleischer came to this country in January of 1921 with my grandmother, both from Austria. She was born in the same year Bram Stoker's book Dracula was published, 1898. Her maiden name on my

mother's birth certificate is listed as Elfant, but all her brothers came to America before her under the name of Goldman. She was the last of her family to come here. Her father died in 1916 and was buried in Czechoslovakia. Her mother survived and followed her daughter in later 1921. "On February 24, 1920, the first great public demonstration of our young movement took place, In the Festsaal of the Munich Hofbrauhaus the twenty-five theses of the new party's program were submitted to a crowd of almost two thousand and every single point was accepted amid jubilant approval, "the quote is from MEIN KAMPF Volume Two The National Socialist Movement translated by Ralph Manheim and published by Houghton Mifflin Company copyright 1943.

February 24, 1848 Louis Philippe abdicated and exactly 72 years later the first fascist movement demonstration took place. Louis Philippe was a descendant of Liselotte who married Louis XIV's brother. She died in 1722. Her aunt's son became George I of England, King George III was to lose the American colonies. Liselotte's father Elector of the Palatinate had his second marriage performed under Old Testament. The difference between the Jewish faith and the Christian faith is that the Jewish faith does not accept the New Testament so a marriage under the Old Testament would be a Jewish wedding. Liselotte was a protestant who became a catholic for the wedding to take place. When my grandfather came to America in 1921, a year or two later he opened up a kosher butcher shop and maintained Orthodox customs at home with the exception that his wife did not wear a wig. My great grandmothers both wore wigs I believe, one of which came to America, the other one never did. I do not know whether my great grandmother Augusta died before the siege that began against the Jews from 1933-1945 or whether she was thrown into a concentration camp or whether she converted so as not to pollute Nazi philosophy, the latter I doubt. I assume she was born around August of 1869, the same time Alexandrine Tinne was murdered by the Tauregs trying to cross the French Sahara. Her body was never found although few survivors reported her hand had been cut off. Alexandrine Tinne 1836-1869 was a wealthy heiress from the Netherlands. Florence Nightingale (1820-1910) was an English heiress, born in Italy- both embarked on hazardous careers and both dedicated, one to exploration which is a career still not open to women in this country in the sense that no women in America have participated in outer space programs.

Prince Philippe was born in 1838, and was three years younger than Alexandrine Tinne. I doubt they ever met. However in terms of character he was neither an explorer or a caretaker of the sick and if he openly converted to Judaism and was mimiced it could've produced the disaster of A. Tinne, (the yiddish word for shit is pronounced, tea neef). I assume that he adapted his life style to Judaism rather than Catholicism or Protestantism because he wanted too and that his goose was cooked around Sept. 17, 1873 when the banking house Jay Cooke and Company collapsed. N.Y.S.E. closed for ten days and a depression began, half the railroads defaulted on their bonds. John Davison Rockefeller was 34 and a millionaire while Prince Philippe was 35 and broke, that was not an impressionable position for him to be in for a man with such an illustrious past, but then his family raced and had already been robbed i. e. Louisiana Purchase sold by Napoleon Bonaparte and George III's loss of American colonies, then too the Spanish lands like Florida. America offered to purchase Cuba from Spain for 100 million which was more than eight times the price of the Louisiana Purchase, but Spain declined.

1890 John Davison Rockefeller whose name was the modernized version of Gemabum and not the Americanization of Roggenfelders (ryefielder) of the Lower Rhine had already established New York Headquarters at 26 Broadway for Standard Oil. Twenty-six was the age ~~XXXX~~ Marie-Christine died. Standard Oil refined oil in the way that Hitler tried to refine race. My grandmother's brothers came to America under the name Goldman and I'm sure they hoped the feud would stop and a little marriage would be made, but of course this was totally out of the question in the sense that the class was on, or the clash in the same way that acknowledgement was given to a Clyde B. Clason for help and suggestions for Elsdon C. Smith's "THE STORY OF OUR NAMES," published in 1950. Foreword written by Elsdon C. Smith was completed with address of E. C. Smith at 322 Sherman Avenue, Evanston, Illinois. Once again we have a (22) same date John Kennedy was shot only years after the publication of the book. Illinois was the state in which I got a H. S. diploma and the school claims not to have any records of my attendance through correspondence, Academy for Homestudy 417 S. Dearborn St. Chicago, Illinois and this was years after attending J.H.S. 22 built and

completed when Rockefeller got into office. The school is located at Houston Street in Manhattan, the motercade Hohn Kennedy was in reached Dealey Plaza on Houston Street in Dallas Texas and from the sixth floor of the Texas School Book Depository it was claimed Oswald shot and killed President John Kennedy. Dealey Plaza as in a card game, ~~xxxx~~ Dreux France is where the tomb of Louis Philippe and Marie-Amelie lies along with Marie-Christine. I do not know whether Prince Alexander of Wurtemberg is buried there. Dreux, drew is a card expression, your draw, he drew. Max Fleischer drew Betty Boop cartoons, he was related to my grandfather Abraham Fleischer.

My grandmother and grandfather came to this country in January of 1921. They had already been hit hard. My grandfather fought four years, 1914-1918 in World War I for Austria only to have to get out of his country less than 36 months later. But ~~the~~ fight with the Rockefellers was still on. How can ~~I~~ explain it?:

2If it wasn't for Germany
when the milk is warm let me know."

-Mildred Wackley

John Davison Rockefeller in the '30's was busy buying milk while Jewish mothers were being gassed in concentration camps, but my family had a nanny way before these Baptist Protestants did and they did not deliver me. If my family delivered then to this country centuries ago, it was by ship, they didn't swim here. They did not have to dart the mouth of a shark. John Davison Rockefeller died in 1937 at the age of 98. Eighth as in consumed. His grandson Nelson Rockefeller graduated from Dartmouth College, he majored in economics back in 1930. 1935 my grandfather became an American citizen 100 years after Maximilian was born whose illfated attempt to rule Mexico resulted in his being shot but not by assassination. In 1939 January 1, he committed suicide. I assume he felt America would not have gone to war if he had not because he was not giving orders and with a kosher butcher shop he would not have made aryan. England did not enter the war until ~~XXXX~~ Sept. 3, 1939 and of course in 1944 the copper penny over here was not in production. Copp and Clark is a publishing house. Speaking on Americanism on the corner of where

I live on Fresh Pond Road in Maspeth Queens is a store called the ~~XXXXXX~~ "Donut Shop" for three months that store will ¹⁹⁸⁵ still be in the process of opening, but hasn't opened. In Sept. that store will still be in the process of opening, but still won't be opened. This doesn't represent America's system of private enterprise. To receive a ~~Zero~~ on a grade report is not impossible when you have a donut shop on your corner that can pay rent and doesn't believe in public enterprise. The fact that my mother's side of the family were very prominent in history books is no reason for me to be annoyed and deprived of my education. I did mention in my appeal paper for the Second Judicial Department of the Appellate Division of the Supreme Court that when I deposited \$1.00 in a bank December of 1972 in January when my grade report was mailed to me I received a cumulative average of 1.00 for the Fall 1972 semester. I don't feel this kind of pollution comes from a group of poverty stricken hoods. It's very obvious that even before the bombing of Fraunces Tavern which went unsolved like so much pollution these days that there is a lot of political corruption of which the Rockefeller family, Schuyler-Cox family is not exempt and I have a legal proceeding against them. I feel it's entirely within the law for my head to be counted and that my education and attempts should be regarded as lawful movement.

"The Wonders of Algae" by Lucy Kavalier, illustrated by Barbara Amlick and Richard Ott was published by the John Day Company at 62 West 45th St. N. Y. 36, N. Y. and on the same day in Canada by Longmans, Green & Co, Toronto, copyright 1961 by Lucy Kavalier. I mention this book for two reasons, Rosenkavalier was an opera written over a century ago and in the opera was a character Princess of Wurtemberg. Prince Alexander of Wurtemberg and Princess Marie-Christine married in 1837 and in less than 10 years both were dead. These two people were my great, great great grandparents. The other reason, John Day Company another J. Day would crop up in the assassination of President John Kennedy. Pg 19 of "The Assassination Tapes" by George O'Toole, "Seven days later, however, the F. B. I. lab received a finger print "lift" (a sheet of adhesive material used to list fingerprint powder impressions from objects for a permanent record) from Lt. J. C. Day of the Dallas police, who said it had been

-/-

taken from
~~XXXXXX~~ the underside of the Mannlicher-Carcano's barrel at a point which would have been covered by the stock when the rifle was assembled for me." The Texas School Book Depository has been often questioned as to whether it was the actual place where assassination was carried out.

In 1951 "The Molds and Man" written by Clyde M. Christensen *later* copyrighted in 1961, the same year "The Wonders of Algae" by Lucy Kavalier was published by John Day Company.

"The Molds and Man" was copyrighted 1951, 1961, 1965, by the University of Minnesota, printed in the U. S. of America at the Lund Press, Minneapolis. Published in the United Kingdom and India by the Oxford University Press, London and Delhi., and in Canada by the Copp Clark Publishing Co. Limited, Toronto. Third edition revised Fourth printing 1972. I mention this book for several reasons:

1) Lund Press- Residing at 16 E. Barrow St. N.Y.C. are two tenants, one Lois Capell whose mother's name (maiden) is Lundgren. Her father Sydney Capell was Vice-President of Zenith Company if he has ~~xxx~~ already retired. The other tenant is Mrs. Angela Boone, and here again we get another last name involved in the Hohn Kennedy assassination. Pg 18 of "The Assassination Tapes" by George OStoole, "The other officer who discovered the hidden weapon was Deputy ^{Boone} ~~pg~~ 22 which read, "...I saw the rifle, that appeared to be a 7.65 Mauser...." He later told the commission that he thought the rifle was a 7.65 Mauser. Pg 100 of "The Assassination Tapes": "Weitzman's account of the circumstances of finding the rifle contain the same high level of stress:

...I stumbled over it two times, not knowing it was there ...went right by it. And Mr. Boone was climbing on top, and I was down on my knees looking, and I moved a box, and he moved a carton, and there it was. And he in turn hollered that he had found a rifle.

2) Robert Lundgren was Lois Capell's uncle and prior to his death at 76 belonged to the same poetry group I was part of. He died around Oct. 1970 shortly after being beaten up and robbed in his hallway at 240 W. 15th St. N. Y. C. Lund Press, Minneapolis is where U.S.A. printing of "The Molds and Man" occurred.

2b) HISTORY OF THE ENGLISH CHURCH AT THE HAGUE 1586-1929 TOGETHER WITH A SHORT ACCOUNT OF THE FAMILY TINNE A MEMBER OF WHICH JOHN ABRAHAM TINNE, FOUNDED THE PRESENT CHURCH BUILDING COMPILED FROM VARIOUS SOURCES IN HOLLAND AND ENGLAND BIJ FRED. QUDSCHANS DENTZ MEMBER OF THE DUTCH HISTORICAL SOCIETY (UTRECHT) MEMBER OF THE SOCIETY OF NETHERLANDT LITERATURE (LEYDEN) W. D. MEINEMN-DELFT (HOLLAND)-1929.	1929, year of our national anthem. Year Society of Rheology was offi- cially formed. 1929 year of stock market crash, time my grand- father Abraham Fleischer was owner of his own kosher butcher shop 1929 was the year of this book.
---	---

This book is mentioned because it gives the geneological history of the Tinne family of which the name Capellen crops up just two letters more than Lois Capell's last name who's neighbor's last name is the same as the Deputy Sheriff who found the alleged murder weapon in Dallas Texas that was supposed to have assassinated President J. F. Kennedy.

Pg. 102 ...Two years after the historic event of the capitulation, ANNA ROSE, daughter of William Rose (a descendant of the younger son of the house of kilravock) and Mary Robinson arrived in the colony and the very advantageous marriage with the rising young official, who in the meantime had purchased the coffee plantations of "Vaaxhall" and "Westminister" was arranged for her by her aunt. Anna Rose was born on March 1, 1785 at Montcoffer near Bauf and died at Liverpool on January 6th 1827.

By this marriage, which took place on the Estate "Chateau Margot" there were two sons and after four years of colonial life, to which Anna does not seem to be well suited, the family returned to Europe in 1810, Philip Tinne handing over his offices to his half-brother Christian Theodore.

Although on the expiration of his contract, Mr. Sullivan offered him an income double as large, he resigned the post in 1812 and went to England where he settled at Liverpool as partner in the house of SANDBACH, TINNE and Co., West India merchants).

Here he lived till he married again on Jan. 10, 1831, at the Hague, a daughter of Vice-Admiral Jonkheer Theodoor Frederik van Capellen, who cooperated with Lord Exmouth in liberating the Christian slaves on the occasion of the siege of Algiers in August 1816, for which the Admiral, besides the Order of the Bath, received

the thanks of both Houses of Parliament.

Pg 103 Jankvrouwe Henriette Marie Louise Van Capellen was born on April 1, 1796 in Berkhoven (Holland) and was thus twenty ~~xxxx~~ four years younger than himself. She died at Bongo (Soedan) on July 20, 1963. By this marriage there was only one daughter ALEXANDRINE PIETERNELLA FRANCOISE) born Oct 17, 1835 and murdered in Africa on August 1, 1869.

This book established Alexandrine Tinne's mother's maiden name as Van Capellan. Shortly after Lundgren's death I contacted Lois Capell who's neighbor set me up for a smear and shortly afterwards 80 Pine Street was hit with a steam pipe explosion resulting in the death of seven city auditors. Oddly enough on Pg 95 of "The Assassination Tapes" ...the eyewitness testimony of Howard L. Brennan a forty-five year old steamfitter is mentioned as witness to Lee Harvey Oswald's alleged shoot out. In reference to J. D. Tippit shooting Domingo Benevides witnessed shooting at no more than twenty-five feet, but could not identify Lee Harvey Oswald, however, he changed his story after Eddy Benevides his brother was shot in the head Feb. 1964.

4) "The Molds and Man" was published by Copr Clark Publishing Co. in Canada. Nelson Rockefeller's first wife's maiden ~~xxxx~~ name happens to be Clark. Clyde Christensen happens to be the author of the book and Professor of Plant Pathology, University of Minn. "The Molds and Man" was first copyrighted by the University of Minnesota 1951 one year after Harper & Brothers copyrighted "The Story Of Our Names" which in the foreword Elsdon C. Smith thanks Clyde B. Clason, Charles Walker, Merle Morrison and Naomi Bowles and lists his address 1950 at 322 Sherman Avenue, Evanston, Ill.

5) In February of 1963 I quit high school having attended Seward Park High school from Sept '61 and having survived one teacher's strike and one school explosion (firecrackers) which shook ~~xxxx~~ the entire building and one of the incidents resulted in a chair being thrown out the window. I believed it was safer to fail attendance than show up. I had perfect attendance at college. On Feb. 1963 I quit school. But prior to quitting school at bearly fifteen around December of 1961 I walked into a smear, stupidly distracted at what I believed to be an opportunity to meet the Editor of Reader's Digest. I let a fellow take me to the home of Margot De Silva last

address 69 1st Avenue. Margot, Philip Tinne married his first wife Anna Rose (March 1, 1785-January 6, 1827) on the Estate "Chateau Margot." Sixty-nine first avenue is where Margot De Silva resides, 1869 was the year Alexandrine Tinne only daughter from second wife died.

Margot De Silva herself married a painter from Chile, retained his name but they divorced. Louis Philippe and family are buried in Dreux France. I was lured up to her apartment by telephone on pretext that she was ~~xxxx~~^{editor} of Reader's Digest and the name she gave was Margot Bell. The black fellow who raped me in her apartment claimed to have been in the army and won several silver stars. He said he lived in New Jersey and that he underwent an operation for sterility and his wife was a nurse. Having realized that I walked into something not only dirty, but so very contrived, I realized this was political dirt but did not know where., at the time. Only a year before I painted Leonardo Da Vinci's Last Supper from an oil. ^a Later I found out other things, Margot had a sister residing at 62 Montague St. Brooklyn, N. Y. and that her sister's ^{married} ~~maiden~~ name is Cabell. Amaryllis Cabell had a son Steve, my father has the same name. Her husband remarried his name was Ury Cabell. Cabell was not his real name. He was Russian and the name was Americanized. Ury as is Uyrine or Usuory- "The Borrowers."

I could have reported the case to the police immediately but realized that first offenders in murder cases get about seven years with good behavior and that this would have been treated as an open shut case and that it would be impossible to reopen a case once it was tried where there is the element of double jeopardy.

The rape occurred around December of 1961-January 1962. In otherwords I was bearily fifteen (Nov. 2, 1946). However one thing is clear: 1950 Elsdon C Smith wrote "The Story Of Our Names" published that year by Harper & Brothers which first chapter is titled "Our Christian Name" and acknowledged in ~~forwerd~~^{foreword} is given to Clyde Clason. One year later Clyde Christensen would have his book "The Molds and Man" published by the University of Minnesota. The former book mentioned the original name of the Rockefellers and the latter book lists Nelson Rockefeller's first wife's maiden name as part of the Publishing Co. that published "The Molds and Man" Published in the United Kingdom and India by the Oxford University Press, London and Delhi, and in Canada by the Copp Clafk Publishing Co. Limited,

Toronto.

The former book ends the forwerd with address of 322 Sherman Avenue, Evanston Illibois. Illinois is the state where I obtained a high school diploma through correspondence from Academy For Homestudy part of La Salle University Extension and w'ich now the Academy conveniently gannot find my records of attendance through correspondence.

The latter book printed by University of Minnesot'a in U.S.A. is the University that I am attending through correspondence. Five ~~years~~^{days} after taking geology final, King Faisal was murdered. The name of Clark is mentioned for Canadian publication for University of Minnesota text books. Nelson Rockefeller's wife's (1st) name is Clark so much for a possible C.I.A, or Nelson Rockefeller hand in King Faisal's death. Three months later after complaining on my part his nephew was executed June 18, 1975. Lincoln School N.Y.C. is where Nelson Rockefeller graduated 1926. The Lincoln Savings is where I maintained a \$500. daving certificate until expiration and due to incosistencies from two certificates for same amount and interest percent and time span am returning to The Lincoln Savings Bank on York Avenue two bank certificate books so that they may check their error. the other bank had already done so and claimed what they gave me was correct. Central Savings gave me \$83.52 whereas The Lincoln Savings Bank gave me \$64.64. There is obviously nothing wrong with my arithmetic, but there is obviously a discrepancy.

In 1966 "Jane Austen" copyrighted by Norman Sherry was published by Evans Brothers Limited located at Montague House, Russell Square, london, W. C. 1. Set in 11 and 12 point Fournier and printed in Great Britain by C. Tinling & Co. Ltd., Liverpool, London and Prescott. Prescott Arizona is where J. Rockfeller resides. Montague House is spelled the same way as Montague Street Brooklyn where Margot's sister Amaryll'is Cabell lives. The book is dedicated to Sylvia both Silva and Sylvia pertain to forests, my grandmother's maiden name is Elfant which also pertains to earth. The General Editor was Kenneth H. Grose. Evanston Illinois is the address Elsdon C. Smith gave for "The Story Of Our Names" and Evans is mentioned again as Evans Brothers Limited, London. 322 Sherman Avenue was the address in Evanston, Illinois. The number 22 would crop up again in the new A.H.S. 22 located at Houston ST and avenue D. by Columbia ST.

I would attend J.H.S. 22 after Nelson Rockefeller's appointment as Governor of New York State. November 22, 1963 John Kennedy then President of U.S. would be assassinated at Houston and Dealey Plaza from shots alleged to have been fired from the Texas School Book Depository.

E. H. Sargent & Co. mentioned in "the Molds and Man" pg 246 written by Clyde M. Christensen copyrighted by the University Minnesota mentions sources of Material for Making Cultures and on pg 246 E. H. Sargent & Co listed at 5915 Peeler, Dallas 9, Texas. Arkansas is the state Nelson Rockefeller had a brother who was elected Governor.

There ~~is~~^{are} in Dallas Texas as well as a Dallas, Arkansas.

July 14, 1975 issue The New Yorker Pg 10 "The first effort of comprehensive federal regulation came in the Mann-Elkins Act of 1910, amending the Interstate Commerce Act. Telephone, telegraph and cable companies were declared to be common carriers subject to ICC regulation," this quote is from a Bell System ad "Bell" is is the last part of Cabell the name Margot's sister's husband changed his name to. Bell, however, is the name Margot gave her last name to be when I spoke to her on the phone and when she introduced herself to me in person. Mann-Elkins Act, Mann is the first part of the gun claimed to have killed late President John Kennedy Mannlicher-carcano rifle, on November 22, 1963 at the Texas School Book Depository on Houston and Dealey Plaza, Dallas, Texas. Ruby killed Oswald and he operated a strip joint. E. H. Sargent & Co 5915 Peeler, Dallas 9, Texas mentioned on pg. 246 of "The Molds And Man" published by Copp & Clark Limited, Toronto for Canadian publication. We have a Danish wine beginning with the name "CHERRY... " and distributed by Peel Distributors. Prince Alexander of Wurtemberg was born in Denmark. We have a strip joint operator Ruby who killed alleged assassinator Harvey Oswald who was said to have been a close friend of George de Mohrenschildt. Pg 12 "The Assassination Tapes" states: "De Mohrenschildt was born in Russia in 1911, was educated in Europe and emigrated to the U. S. in 1938. He became a petroleum engineer and

was living in the Dalla-Ft Worth area when Oswald moved there on his return from the Soviet Union with his Russina-born wife, ~~Мария~~ Marina. I am certain that George De Mohrenschildt's petroleum engineering position was with an oil company the Rockefeller family had been part of. Many families got rich in oil, Hunt, Getty, Hughes, but I am not sure De Mohrenschildt's position can be traced to a Rockefeller company. My grandfather prior to his death January 1, 1939 was a member of T. D. Young Men's Association which meets monthly at Chelsea Hall 575 Avenue of Americas. I believe it is a Russian-Jewish organization and that my grandfather wanted to say Alexander's. The organization was founded in 1891 same year a conductor by the name of Fleischer was born in Mayo, Hungary. My grandfather had a sister by the name of Monya. Abraham Fleischer became a citizen in 1935 and 100 years prior Maximilian was born, Franz Josef Emperor of Austria's younger brother. He was killed in Mexico 1867. "In 1960 De Mohrenschildt and his wife took an ~~eight~~ eight month hiking tour from the U.S.-Mexican borders.." Pg 12 "The ASSASSINATION Tapes, " and on Pg 31 of same book "... George De Mohrenschildt who was living in Dallas at the time of the Walker shooting..." The name Walker is mentioned pg vi FORWARD to "The Story Of Our Names" by Elsdon C. Smith: "Some have spent many long hours in helping check the manuscript. To Clyde B. Clason, Charles Walker, Merle Morrison, and Naomi Bowles. In this book the name origin of Rockefeller is Roggenfelders. A bullet has the same impact as a bee sting,

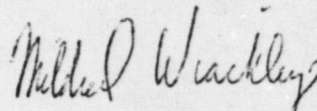

Two books have locations in them where I have tried to pursue my education peacefully through correspondence and both books have elements of the Rockefeller Clark family as well as other questionable elements in them like Walker and the near assassination of Walker, Peel Dallas Texas, Ruby strip joint operator, Dallas Texas.

Nothing good ever comes from something bad. My educational problem has been a political one I assure you as sure as there is an unopened store called "THE DONUT SHOP" on Fresh Pond Road, Maspeth, Queens, annoying all the residents of that neighborhood who thus far feel too small to do anything about it. I have a legal

proceeding against the Rockefeller family and against the Schuyler-Cox family and I assure you that I will do my part not to bury truth and I hope you will do your best not to put a lid on enlightenment, please give me consent to proceed with my Article 78 Proceeding for a second appeal. My first appeal was a partial victory in the sense that I did not have to pay any costs, with added material I hope that I shall receive full credit for the 17 credits N.Y.C.C.C. claims I took as a nonmatric and financial compensation for denying me admittance to finish the four credits more I needed in Accounting, which admittance was suddenly denied me on the resignation of President Nixon, a spiteful thing to do. In the past I was once robbed of my key purse ^{in the} by that school while Edward Finch Cox was working in the vicinity at a part time legal position. His family has been linked with underground mafia activity, particularly in areas of pornography for which unsolicited mailing I received which is as exhibit in my other legal proceeding.

Respectfully I hope you will permit me to Appeal this matter for a second appeal.
